The COO

Sakra World Hospital

Bangalore, India

Dear Sir/ Madam

I would like to express my profound and heartfelt gratitude to **Sakra World Hospital, Bangalore**, and in particular to **Dr. Roopa Seshadri**, for the exceptional care, guidance, and treatment provided to my daughter, **Anwesha Sen**.

Our journey leading up to this point had been extremely difficult. We hail from the Northeast, a region where advanced medical facilities—especially for complex neurological conditions—are limited. Our daughter had been suffering from pudendal neuralgia, an extremely painful and distressing condition that affected her daily life and emotional well-being.

We had approached almost all the major and reputed hospitals across the country, hoping for clarity, support, and a meaningful solution. Each unsuccessful attempt left us increasingly frustrated, emotionally drained, and uncertain about the road ahead. As parents, few things are more painful than watching your child suffer while answers remain out of reach.

It was during this overwhelming phase that we came to Sakra World Hospital and met Dr. Roopa Seshadri. From the very first consultation, her calm confidence, deep expertise, and empathetic listening brought us the reassurance we had been desperately seeking. She took the time to understand not just the medical details, but also the emotional strain we had been carrying for months.

Dr. Seshadri's scientific precision, combined with her compassionate approach, made an extraordinary difference. She explained every step of the treatment with remarkable clarity, ensured we were comfortable with each decision, and instilled a sense of hope when we had nearly lost it. Her dedication and sincerity reflect the highest standards of medical professionalism.

We are equally grateful to the entire team at Sakra World Hospital—from the nursing staff and support services to the administrative team—whose kindness, coordination, and commitment ensured a smooth experience throughout. The environment of warmth and genuine care at Sakra played a crucial role in helping us regain confidence and strength.

Today, as we reflect on the journey, we feel immense appreciation for everyone at Sakra Hospital who stood by us—especially Dr. Roopa Seshadri, whose skill and compassion have had a life-changing impact on our family. We are spending a very happy life now, and it is all due to Dr. Roopa Shesadri. Thanks to her for guiding us through one of the most challenging phases of our lives and for giving our daughter the care she truly needed. Thanks to Sakra Hospital for providing us with the services of such a doctor.

Regards,

****
