Myself Brij Nandan Srivastava, this mail I'm writing is for Sakra Hospitals. Sir, actually, the thing is that I was in a very bad situation, and the nursing staff and especially Doctor Rupa Sasadri played a very commendable role in getting me out of it. They gave me excellent treatment, for which I will be grateful to them for the rest of my life.

I reached Bangalore on March 21st with my son because he got a job here in a multinational company. I actually reached on March 21st, and on March 25th, I had a terrible headache, due to which I couldn't even get up. But luckily, I was staying in a hotel, Novotel Irish, and I immediately told my wife to take me to the hospital. I was slowly becoming unconscious, and the hotel staff and my wife brought me to Sakra Hospital within 5-7 minutes. Doctor Rupa Sasadri treated me, and I was hospitalized and operated on. I was admitted for at least 15 days, which was a very tough period in my life.

I was quite healthy, but internally, I was developing an aneurysm, which ruptured when I came to Bangalore. We reached the hospital on time, and I got excellent treatment under Doctor Rupa Sasadri. I consider it a stroke of luck that I came to Bangalore and stayed in a hotel near a great hospital, from where I reached the hospital within 5-10 minutes. I got a very good doctor, Doctor Rupa Sasadri.

When we received the bill, we checked the details and found a doctor's name, Doctor Arjun Shrivas, which was a surprise for us because we hadn't met or known this doctor. Doctor Rupa Sasadri was the one who came to me and diagnosed me, and she guided the nursing staff and spent maximum time with me. She also helped me regain my confidence, which had broken down. I think Doctor Rupa Sasadri played a very important role in giving me a new life.

Your hospital has such excellent doctors, which is why I got such great treatment. I will always be grateful to your hospital and Doctor Rupa Sasadri.
🙏 Thank you.
