The Chief Operating Officer, MD, DMD
Sakra World Hospital
Subject: Appreciation for Excellent Treatment by Dr. Roopa Seshadri Dear Sir/Madam, I am Nagabhushan, and my family and I have been taking services from your hospital for quite some time now. However, we never really had the opportunity to express how our experience has truly been. I felt that this is the right time to share a sincere and meaningful incident with you.
I am writing this letter to express my sincere appreciation for the exceptional care and treatment provided to me by Dr. Roopa Seshadri.
I was undergoing treatment for a ruptured brain aneurysm and initially consulted Dr. Arjun Srivastava and his team. They performed a coiling procedure. After three months, during my follow-up check-up and DSA, the doctor informed us that the coiling procedure had not been successful.
After one month of being referred, we consulted Dr. Roopa Seshadri Madam, who thoroughly reviewed all my previous treatment reports and explained the best course of action. She performed a complex endovascular brain procedure and successfully placed a Flow diverter. The operation was carried out with great expertise and precision.
Dr. Roopa Seshadri guided us clearly regarding medications, follow-up instructions, and overall care after the procedure. I am pleased to share that I am now healthy and recovering very well.
I am truly grateful for her dedicated treatment, compassionate guidance, and continuous support throughout this journey. Her professionalism and care have made a significant difference in my recovery.
Thank you for having such an excellent doctor as part of your hospital.
Warm regards,
Mr. Nagabhushan
