Dear Sir,

I wanted to take a moment to share my family's experience with the Sakra World Hospital Neuro Department and express my sincere appreciation for the exceptional care made available to us.

In August, my mother, Mrs. Sankaree Bhattacharjee (65 years), was visiting me from Guwahati, Assam. During what was supposed to be a joyful family time, she suddenly experienced a severe headache accompanied by fluctuating blood pressure. We immediately rushed her to Sakra World Hospital, where tests revealed a large neck aneurysm rupture — a life-threatening condition requiring urgent surgical intervention.

Dr. Roopa Sheshadri truly came to our rescue. She promptly took charge of the case and performed an interventional procedure to implant a contour device to repair the rupture. Thanks to her meticulous planning, expertise, and timely action, my mother's surgery was a success. She recovered well and was discharged within 12 days. Today, she has returned to her normal life — and for that, we are deeply grateful to Dr. Roopa and the entire Sakra team.

Dr. Roopa s support didn't end at the hospital, she is a true professional who responds to my mother's issues over phone, my mother feels very safe and happy with the kind of unwavering support she is getting from Dr. Roopa.

We are extremely satisfied with the treatment and care provided, and we wish to extend our heartfelt gratitude to you for ensuring such high standards of service and patient care.

Thank you once again.

Warm regards,
Shaswati Bhattacharjee
(Daughter of Mrs. Sankaree Bhattacharjee)
