To Whomsoever It May Concern

This is to certify that, Dr. Roopa Seshadri joined our institution as an Interventional Neuro radiologist / Endovascular Neuro interventionalist & Stroke Specialist.

She worked with great commitment and actively participated in Endovascular Neuro intervention & Stroke.

I personally would like to place on record my deep sense of appreciation for the valuable contribution provided by her in the development of the Department. Her work on Pin-Hole Surgeries at Endovascular surgeries, Aneurysm coiling, Endovascular embolization and establishing acute stroke management protocol in Emergency Department was exceptional.

I would like to thank her for the support and cooperation extended for all the academic activities of the Department & the Hospital.

Best wishes for your future endeavours.
